

GroupSync™ for Organizers

Spend less time sourcing and booking hotels. GroupSync delivers a better booking experience with deeper search technology and data insights that help you make smarter, faster decisions.

Easier Hotel Sourcing

GroupSync simplifies the hotel searching and shopping process for groups, allowing you to spend less time sourcing rooms and space. GroupSync's search results are based purely on your group's criteria – creating a better sourcing experience.

Book Rooms & Space Faster

GroupSync provides unmatched flexibility when booking groups. For simpler group stays and events, reserve rooms and space instantly with Instant Booking. And for larger groups and events, our simplified RFP process ensures smoother, faster booking.

Rates & Availability Data

Transparency makes a better experience. Get immediate access to real-time rates and availability for over 9,000 properties worldwide. You'll also have access to historical rates and occupancy data for nearly 100 U.S. event cities.

Take the stress out of sourcing, booking and managing your group stay – GroupSync is free for qualified group travel organizers and planners.
